

AI Student Performance Report

Machine Learning Based Academic Analysis System

Generated Date: 05-08-2026

Student Academic Details

Student Name : key

Education Level : 10th Standard

Board / University : State Board

Academic Percentage : 93.00%

Student Learning Behaviour

Study Hours / Day : 5.0

Practice Hours / Day : 2.0

Sleep Hours / Day : 8.0

Mobile Usage Hours / Day : 2.0

AI Prediction Result

Predicted Performance Score : 74.08%

Performance Level : Good ■

AI Personalized Suggestions

- Increase practice and revision time

Machine Learning Information

Algorithm : Random Forest Regression

Technology : Python + Machine Learning + Streamlit

Prediction Factors : Academic Score, Study, Practice, Sleep, Mobile Usage
